

Scavenger Hunt Game

Get ready, set, GO! Every child loves a scavenger hunt. This game is not only fun, it comes in an adorable pocket size case, that is recycled from an old Altoid tin. It might be small but it packs hours of fun.

Supplies:
Empty Altoid box
These Instructions
Pattern Paper

Instructions:

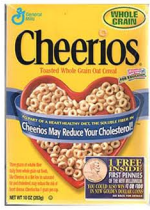

Print these instructions and cut out the playing cards. (optional: you can print them on the blank side of one-sided patterned paper or adhere them to scrapbook paper before cutting if you desire the cards to have a patterned back side. Cover the top and bottom of an empty Altoid box with Pattern paper (I used the Lime Ricky collection from Basic Grey). Attach the label (provided below) to the top of the box. Place the game cards, including the instruction card, inside of the box and get ready set "Go!"

Instructions:

Each Player draws a card. Together, the Players shout "GO!" The first player back with all of the items on their card is the winner.
